

## **East Tennessee Rebuilding Missions**

Wanting to help with the East Tennessee disaster relief efforts? The JSTBA will be helping to arrange several trips in 2025 to East Tennessee to work on rebuilding homes damaged by the hurricane and flooding. We will be working with the Appalachian Service Project (ASP), which is coordinating rebuilding work for several agencies and organizations, including our own Tennessee Baptist Mission Board and the Tennessee Baptist Disaster Relief. Participants do not have to be certified by Tennessee Disaster Relief. The ASP's planning is in the early stages, but the JSTBA would like to send a team the week of January 5, 2025, or the week of January 12, 2025. We hope to have several teams go during 2025 as this relief and rebuild effort will last years. All skill levels are welcome!!

Also, there are multiple opportunities coming up to get Disaster Relief Certified also. Let us know if you are interested in that training, and if we can get enough interest, we might be able to get a training session in the JSTBA area. We would need at least ten (10) attendees to secure a separate training date.
